About JAZ Engineering

Combining deep shop-floor know-how with modern digital workflows.

JAZ Engineering is a precision engineering firm delivering end-to-end product development, manufacturing, and technical support solutions. We turn complex concepts into reliable, manufacturable products by focusing on practical innovation, measurable quality, and responsive service that helps clients move from prototype to production with confidence.

Expertise and Experience

Our team brings decades of combined industry experience across tooling, CNC programming, and application engineering. We are built on a foundation of qualified tool, jig & die expertise and **more than 30 years of advanced CNC programming** across 3-axis, 4-axis, 5-axis, and multi-task machines.

That experience is applied daily to solve manufacturing challenges in demanding sectors including **body-in-white (BIW), aerospace, and medical industries**. We also provide hands-on application support and tooling expertise through long-standing partnerships with leading tooling brands.

Capabilities

We offer a comprehensive suite of services to support product development and manufacturing at every stage:

- 3D Design and Manufacturing
- 3D Printing Services
- 3D Scanning Services
- Software Design & Development
- CAD/CAM Programming
- Seco and Ceratizit Cutting Tools
- General Product Sales

Passion for Innovation and Quality

Innovation at JAZ Engineering is practical and outcome-driven. We blend additive and subtractive manufacturing, precision scanning, and custom software tools to shorten development cycles and improve part performance.

Quality is embedded in our processes: rigorous CAD/CAM validation, toolpath optimization, and tooling selection ensure parts meet specifications, repeatability, and cost targets. We continuously refine workflows to deliver better tolerances, faster turnarounds, and lower total cost of ownership for our clients.

Service and Support

Technical service is central to what we do. Clients receive tailored technical assistance—from tooling selection and cutting-strategy optimization to on-site application support and post-delivery follow-up. We pride ourselves on clear communication, practical problem solving, and delivering solutions that integrate seamlessly with our clients' production environments.

Our Commitment

JAZ Engineering is committed to being a trusted partner for manufacturers, designers, and engineers who demand precision, reliability, and innovation. If you need a partner who understands both the machine and the code, we're ready to help you bring your next project to life.

Many applications where good quality lightweight fastenings are required.

TRU-FIX

Tru-fix Nail-in Anchors 8mm x 80mm

NA81

Many applications where good quality lightweight fastenings are required.

Tool Sets

TORK CRAFT

Tork Craft 71pc Compact Cantilever

TCTB071

The Tork Craft Compact Box is a robust, ready-to-go tool set housed in a compact 3-tray cantilever toolbox.

FIXMAN

Fixman 42-pc Cantilever Mechanical

FIX MT42

Various tool options combined apply to different working conditions.

FIXMAN
40 Piece

FIXMAN

Fixman Socket Tool Set 40pc 1/2" Drive

FIX OMCBT40

Chrome vanadium forged body for torque, strength and durability with a full polish chrome finish for anti-corrosion protection.

TORK CRAFT

Tork Craft 172pc Mechanics Cantilever

TCTB172

The new Tork Craft steel constructed cantilever tool boxes, made of chrome vanadium for long life.

TORK CRAFT

Tool Box 154 Pce 3 Drawer & Top Tray

TCTB154

Upgrade your organizational game with our Lockable 3-Drawer Track Box, featuring a convenient top tray.

TORK CRAFT

Top Box 127pc 3 Drawer & Top Tray

TCTB127

This Tool Box is a comprehensive tool storage solution designed to keep your tools organized and secure.

TORK CRAFT

Top Box 254pc 4 Drawer & Top Tray Pro

TCTB254

This Tool Box is a comprehensive tool storage solution designed to keep your workspace organized and efficient.

TORK CRAFT

Tork Craft 88pc Tradesman Cantilever

TCTB088

The Tradesman Cantilever Tool Box is a robust, versatile, and all-in-one solution for professional tradespeople and DIY enthusiasts alike.

Tool Storage

Tork Craft

TORK CRAFT

Tork Craft Cantilever Tool Box 5-Tray

TCTB001

The new Tork Craft steel constructed cantilever tool boxes, made of chrome vanadium for long life.

TORK CRAFT

Top Box Empty 3 Drawer & Top Tray

TCTB005

This versatile and practical Top Box Empty unit provides ample storage space for your workshop or garage.

TORK CRAFT

Top Box Empty 4 Drawer & Top Tray Tool

TCTB002

This Tool Box is a comprehensive tool storage solution designed to keep your workspace organized and efficient.

TORK CRAFT

Tork Craft 6 Drawer Roller Tool Box Cabinet

TC620060

The 6 Drawer Roller Cabinet on Castors is a robust and highly functional storage solution designed to bring organization and mobility to any workshop.

TOOL STORAGE

TORK CRAFT

Tork Craft 6 Drawer Roller Tool Box On

TC620050

The Tork Craft 6 Drawer Roller Tool Cabinet is a durable and highly organized solution for both professional tradespeople and DIY enthusiasts.

Digital Bore Gauges

SERIES 241 100 - 160mm 12
Bore Gauge
Accuracy: $\pm 0.018\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 100-160mm

AC241-160-12

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 10 - 18mm 11
Bore Gauge
Accuracy: $\pm 0.012\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 10-18mm

AC241-018-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 160 - 250mm 11
Bore Gauge
Accuracy: $\pm 0.018\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 160-250mm

AC241-250-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 18 - 35mm 11
Bore Gauge
Accuracy: $\pm 0.015\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 18-35mm

AC241-035-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 250 - 450mm 11
Bore Gauge
Accuracy: $\pm 0.018\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 250-450mm

AC241-450-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 35 - 60mm 11
Bore Gauge
Accuracy: $\pm 0.018\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 35-60mm

AC241-060-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 50 - 100mm 11
Bore Gauge
Accuracy: $\pm 0.018\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 50-100mm

AC241-100-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 50 - 160mm 11
Bore Gauge
Accuracy: $\pm 0.018\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 50-160mm

AC241-160-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 6 - 10mm 11
Bore Gauge
Accuracy: $\pm 0.022\text{mm}$
Resolution: 0.002mm

ACCUD

Digital Bore Gauge 6-10mm

AC241-010-11

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 100 - 160mm 02
Bore Gauge
Accuracy: $\pm 0.007\text{mm}$
Resolution: 0.001mm

ACCUD

Digital Precision Bore Gauge 100-160mm

AC241-160-02

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 10 - 18mm 01
Bore Gauge
Accuracy: $\pm 0.005\text{mm}$
Resolution: 0.001mm

ACCUD

Digital Precision Bore Gauge 10-18mm

AC241-018-01

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.

SERIES 241 160 - 250mm 01
Bore Gauge
Accuracy: $\pm 0.007\text{mm}$
Resolution: 0.001mm

ACCUD

Digital Precision Bore Gauge 160-250mm

AC241-250-01

A digital bore gauge is a precision measuring instrument used to measure the internal diameter of a hole or bore with high accuracy.
